Forecast for Wednesday 13 Nov 2024

Weather: Clear skies in the early hours with areas of fog forming in the valleys. Clouding over through the morning with outbreaks of light drizzle. Freshening west to northwest winds.

Chance of cloud-free hill tops above 700m: 80% first thing, falling to 20% or less through the morning.

Low cloud and visibility: Clear skies and good visibilities at first with mist or fog confined to the valleys. Cloud becomes extensive through the morning shrouding all summits down to reasonably low levels with poor visibilities in hill fog.
